panels c, d:
selective (task marker)
mixed-selective
a
dimensionality of rates
over all units
over active units
b
dimensionality of normalised rates
over all units
over active units
c
number of selective units
over all units
over active units
d
fraction of units selective
over all units
over active units
e
number of classes
over all units
over active units
f
fraction of units per matched class
over all units
over active units
